Re: **Application for Final Development Order
Project Requiring Public Potable Water Well Construction
Highlands County, Florida**

Dear _____:

In compliance with the Highlands County Land Development Code your agency is hereby notified that the undersigned intends to make application to Highlands County, Florida, for a Final Development Order for a project which requires the construction of a new or the retrofit of an existing public potable water well system as defined by Chapter 17550, F.A.C. The project is described in the enclosed copies of the documents which are being submitted to Highlands County.

These documents include one copy each of the following: 1) Application for a Final Development Order, 2) plans for the construction of the water system, and 3) maps, construction plans, drawings, calculations, etc., that may be required by County regulations.

Please reply directly to Highlands County Engineering Department, 505 South Commerce Avenue, Sebring, Florida, 33870-3869. County regulations state that "the County's Final Development Order shall be conditioned upon the permit requirements expressed by any of these agencies which respond within 30 calendar days."

Sincerely,
