RE: Availability of Reclaimed/Reuse Water in Highlands County

To whom it may concern:

There are no water treatment facilities providing reclaimed water for use as irrigation for non-municipal uses within Highlands County currently. Since there are no viable sources of reclaimed water available, the use of such is not feasible for implementation.

If you have any questions, please contact me at (863) 402-6877.

Sincerely,

Laura A. Borgesi, PE, PSM, MPA
County Engineer
